Dear Mr. Rayome

The purpose of this letter is to inform you of the results of the Administrative Review (AR) that was conducted on December 14, 2017; an exit conference summarizing the findings took place on the review day.

The Administrative Review is a comprehensive evaluation of the Local Education Agency's (LEA's) National School Lunch Program (NSLP) and School Breakfast Program (SBP) if applicable. The AR consists of two performance standards. The two performance standards reviewed were found to be satisfactory. During the Administrative Review, compliance with the new meal pattern requirements is also evaluated, at this time there are no menu findings that warrant the termination of the performance based reimbursement.

At this time all findings resulting in corrective action have been adequately addressed and no further action is required by the School Food Authority.

This review resulted in **no fiscal action** for the NSLP and/or the SBP.

I appreciate the courtesies extended by you and your personnel during the review. If you have questions or need assistance concerning the school food service program, please call our office.

Thank you,

Ahn Ei Sweeney, RD, SNS
